

Hunter Hewitt

Software Engineer

Austin, Texas | 713-515-9062 | thehunterhewitt@gmail.com | Portfolio | [Linkedin](#)

Inspired by improving convenience in everyday life, I use my background in social media marketing to understand what the user wants to experience and promptly provide it in an optimized format. As a full-stack developer, I use my passion, curiosity, and tenacity to provide a seamless UX for everyday users.

SKILLS

- **Languages:** Python, JavaScript, HTML, CSS
- **Databases:** MongoDB, PostgreSQL
- **Tools:** NodeJS, Git
- **Environments:** VS Code, IntelliJ IDEA, Insomnia, Github
- **Frameworks:** Vue, React, Express, Mongoose, Flask

SOFTWARE ENGINEERING PROJECTS

Brewery Locator | General Assembly

- Collaborated with a team of four to develop a full-stack app to display breweries in a selected location.
- Utilized a PERN stack (PostgreSQL, Express, React.js, Node.js) to build a full stack application with create, read, update, delete (CRUD) operations hitting all RESTful API calls
- Implemented authentication & react routes

Joe Lindsey Services Website | Oct 2022 - Nov 2022

- Constructed an interactive website for a parking lot striping business
- Uploaded all files into the cPanel and became efficient in using a cPanel
- Designed UI to match with clients' vision

Realtor Reminder App | General Assembly

- Delivered an application built for realtors to keep track of closings & listings
- Utilized a MERN stack (MongoDB, Express, React.js, Node.js) to build a full stack application with create, read, update, delete (CRUD) operations hitting all RESTful API calls
- Became advanced in MongoDB

EXPERIENCE

Owner | Vident Digital | Houston, Texas | June 2020 – Current

- Founded and launched a Social Media Marketing Agency that manages on average 8 realtors a month
- Assist 100+ clients in expanding their business & source thousands of leads in two years
- Specialize in Facebook Lead Generation & Digital ad optimization

Project Coordinator & Purchaser | Ashton Sawing & Drilling | Houston, Texas | September 2021 – March 2022

- Implemented a new purchasing approval system to optimize time and effort from division managers
- Allocating project materials and invoices to create purchase orders in Jonas construction software
- Authorized AMEX credit cards by gathering receipts and tracking data in an excel spreadsheet.
- Promoted to Project Coordinator and was relocated to Spokane, WA
- Accountable for ensuring the schedule, benchmarks, and budget of a given project

EDUCATION

General Assembly | Software Engineering Immersive | September 2022 – December 2022
